

# Why wait for what's next?

## Get Dashboards for The Raiser's Edge® now.

Get beautiful data visualizations TODAY on your Raiser's Edge data. You don't have to implement new versions of your core fundraising system to get state-of-the-art data visualizations and dashboards. Consider **JCA Answers™ for The Raiser's Edge**. Unlike Tableau and Cognos, JCA Answers is ready-to-use and built on a powerful data warehouse for dynamic reporting. JCA Answers plugs right into your Raiser's Edge today.

**Designed for non-technical users**, this easy and powerful business intelligence tool produces snapshots of your fundraising data to drive strategies with confidence.

**Easy-to-share visualizations**, whether or not your colleague has a Raiser's Edge login.

**Connect multiple databases** to help understand a donor's giving history along with other key data, such as visitation patterns, volunteer history or website activity.

**Powered by Sisense**, the market-leading data visualization and BI software.

**Affordable pricing**, with unlimited seat licenses.

Record Count <sup>1</sup>	Annual Subscription Fee	Quick Start Package <sup>2</sup>
Under 500,000	\$4,900	Starts at \$1,000
500,000–1.5 million	\$7,900	Starts at \$2,000
1.5 million+	\$9,900	Starts at \$3,000

<sup>1</sup>Record count for The Raiser's Edge® is the number of constituent records plus the number of gift records.

<sup>2</sup>JCA can provide remote installation and consulting with the "Quick Start" package, an affordably priced optional add-on to JCA Answers. Contact JCA for more information.

All prices are subject to change at any time.
